SECTION 6: Transferring existing phone services to AveoConnect

(Skip this section if you do not want to transfer an existing phone service)

Current landline service authorised for transfer: _____

Current service provider: _____

Account number for the current provider: _____

Please note:

- Number porting is not available at sites with a telephone numbering plan. Check with your village manager if a range of numbers are pre-allocated across your site.
- Do not disconnect your service with your current telephone company. A port cannot take place if the service has been (or is scheduled to be) disconnected as you no longer have a right to that number. 'Reserved' numbers not associated with a current active service will also fail.
- AveoConnect does not accept out-of-area numbers, for example a Sydney number cannot be ported for a service in Brisbane.
- Further information about Local number portability (LNP) is available by contacting us or referring to support.aveoconnect.com.au. Once your number port to AveoConnect has been successfully completed you will be notified so you can ensure you are no longer charged by your current provider.
If you have more than one account, please ensure the correct account number for the above telephone number is specified.

Porting Date

AveoConnect will endeavor to cutover your number as soon as possible AFTER your new AveoConnect service is installed and/or activated. Until this occurs your service will need to remain active with the current provider.

If you need to disconnect services with your current provider BEFORE your new AveoConnect service is ready you can specify an early porting date below. This means your number will be held by AveoConnect and will not be active until your new services are installed and/or activated. During this transitional period inbound calls to this number will not connect to anything – call diversions are also unavailable to be setup.

Early Porting Date: _____ / _____ / _____

SECTION 7: Confirmation of Understanding

PLEASE INITIAL EACH ITEM AND SIGN AT THE END

Plan Basics:

[____] My chosen plan and package is the one I selected on this Application Form. The set up fee, monthly subscription and contract term set out in this Application Form apply to this plan and package.

[____] I am aware that I will be charged upfront for set up fees in addition to the first month's subscription fee. I will then be billed one month in advance for monthly subscription fees.

[____] I understand that set up fees covers a standard installation. If I require a non-standard installation, for example additional cabling, additional fees may apply.

[____] For new subscribers to FOXTEL, a standard install includes the cost of a Foxtel iQ2 HD or MyStar HD recordable set top box.

[____] For existing subscribers to FOXTEL, a \$0 set up fee is only available for existing Foxtel Residential Customers with an active service at the desired service address (excludes Foxtel on T-Box and Foxtel from Telstra), and you continue to use the set top box you currently use. I am aware that the programs recorded or downloaded to the personal digital recorder may be erased when your service is transferred to AveoConnect.

[____] I understand if I cancel before the end of my minimum contract period, early termination fees apply.

[____] I understand that calls to 13/1300 numbers are not local calls and are charged at \$0.35 per call, that calls to non-standard numbers such as 19xx (premium content and services) will be charged.

[____] I understand that Foxtel services such as On Demand, Catch Up, Pay-Per-View, Foxtel Go, The Foxtel Magazine etc are not available to Foxtel from AveoConnect subscribers.

[____] I acknowledge that, while every effort will be made to provision my service as quickly as possible, there may be a lead time of up to 4 weeks before my service will be active.

[____] I understand that service installations for my area are conducted in batches. If I am unavailable during the timeframe for my area the lead time may be extended.

[____] I understand that the installations of my phone and internet service and the installation of my Foxtel from Aveo Connect service (if I have ordered one) will occur separately.

[____] I understand that my application does not constitute a guarantee of service and that my home may be unserviceable for this product.

[____] I understand that AveoConnect does not connect or enable old phone sockets around my home. If I want the convenience of making and receiving calls throughout my home, AveoConnect recommends the use of a Multi Handset Cordless Phone. AveoConnect offers these for sale and I acknowledge I can purchase one when I am contacted to book my installation or service activation appointment.

[____] I understand that AveoConnect does not provide any MessageBank or Voicemail services. If I want the convenience of this feature, AveoConnect recommends the use of a handset with built-in answering machine. AveoConnect offers these for sale and I acknowledge I can purchase one when I am contacted to book my installation or service activation appointment.
