Where is the plan available?

- Our Entertainment Bundle is available at a growing number of Aveo communities across Australia. Visit our website at www.AveoConnect.com.au for an up to date list.
- Foxtel availability within a village is dependant on suitable cabling. At some villages, Foxtel from Aveo Connect may be available at some but not all units. At other villages, not all channels under the Foxtel from Aveo Connect package will be available. This is due to the state of cabling in the village.

Set Top Box and Installation

- You will require a Foxtel from Aveo Connect set top box for your service.
- A standard installation and equipment fee applies for each outlet in your home. This covers a standard installation and the cost of a Foxtel iQ2 HD or MyStarHD recordable set top box.
- The lower Set Up fee for existing Foxtel Residential Customers only applies if you have an active service at the service address (excludes Foxtel on T-Box and Foxtel from Telstra), and you continue to use the set top box you currently use. Foxtel iQ3 is not available.

- Additional costs may apply for non-standard installations, such as installations that require lead-ins, are complex or in remote areas.

What is the minimum contract period?

Minimum Contract Period	12 months
Cancel Fee	If you cancel early, you pay a cancel fee equal to the total monthly recurring charges for the remaining term of the Minimum Contract Period. If you are leaving the Village, you can cancel and no cancel fee applies. If your estate cancels, it can do so and no cancel fees apply.

What is Broadband?

- Broadband uses a combination of the latest technologies for high speed internet. The choice of technology and of network service provider is at our discretion.
- Broadband is up to 12/1 Mbps, download and upload speeds respectively.
- We cannot promise actual speeds, because things happen in networks (they get congested like roads, and poor cabling can act like speed bumps), but our techies will give you the fastest speed we can.

INFORMATION ABOUT THE PRICE

What are the Charges?

- Your monthly charges, set up charges and minimum cost over 12 months are set out in the table plan above.
- Your Foxtel from Aveo Connect will be installed separately from your broadband and phone service. For this reason, your first bill will include different pro rata charges for different services for part of the month. This is because you started services at different times in your billing period.
- If you are in a new development that is serviced by the National Broadband Network ("NBN"), NBNCo

may charge \$300 to connect your premises to the NBN. If so, we will charge that to you.

What is NOT included in the Monthly Charge

- Calls are charged at our normal great call charge rates. These are set out in our call charges plan titled "Home Phone Call Charges" on the website at www.aveoconnect.com.au/terms-and-conditions/.
- Local calls and calls to standard Australian landlines (STD calls) are charged at \$0.04 per minute, \$0.10 minimum call charge, no connection fee.
- Calls to standard Australian mobile numbers are charged at \$0.30 per minute, \$0.30 minimum call charge, no connection fee.
- Calls to 13, 130 and 1300 numbers are charged at \$0.35 per call.

To help understand, here are some standard things that cost money with other carriers
