INFORMATION ABOUT THE SERVICE

Our Enhanced Monitoring service is a stand alone service which works on third party telecommunications networks.

Where is this plan available?

Enhanced Monitoring is available at a growing number of Aveo communities across Australia. Visit our website at www.AveoConnect.com.au for an up to date list.

What is the minimum contract period?

Minimum Contract Period	24 months
Cancel Fee	If you cancel early, you pay a cancel fee equal to the total monthly recurring charges for the remaining term of the Minimum Contract Period. If you are leaving the Village, you can cancel and no cancel fee applies. If your estate cancels, it can do so and no cancel fees apply.

What is Enhanced Monitoring?

- Enhanced Monitoring is a personal emergency response monitoring service. You will be provided with a pendant and a Wellness Hub device. We will train you on how, in an emergency, to get help.
- The Enhanced Monitoring Service is manned 24 hours a day, 7 days a week.

- The Wellness Hub has battery backup and works over both the Home Phone line and over Telstra’s mobile network. If one fails, the other will work. Just a bit of extra piece of mind. These are upgrades to your current service.
- We also offer 3G Mobile Network Connection Only, Pill Reminder Service, Daily Wellness Check Calls, Inactivity Monitoring and Smoke Alarm Monitoring as optional service features. Additional charges apply. See below and www.aveoconnect.com.au for details.
- You telecommunications provider will charge for calls made to or from, or data sent to or from, the Wellness Hub.

Inclusions

- An upgrade to a new Wellness Hub is included.
- Battery backup for the Hub and a second connection to Telstra’s mobile network is included.
- A new Enhanced Monitoring Pendant is included.
- A standard set up of your Enhanced Monitoring Services is included.

Exclusions

- Calls made to or from the Wellness Hub using your third party telecommunications provider. You are responsible for those charges, and for the maintenance of a reliable supplier of those services.

OTHER INFORMATION

What is the 3G Mobile Network Connection Only service feature?

- If you activate this feature, the Wellness Hub will be set up to work over Telstra's 3G mobile network only. You will no longer be required to maintain a landline to support your Wellness Hub. However you will lose the benefit of having a backup connection. If the connection over Telstra's 3G mobile network fails, then personal emergency calls will fail.

What about network connection failures ?

- We cannot and do not guarantee network coverage, availability, reliability or service delivery.
- We accept no liability for any loss, injury or death resulting from the use of, or failure or, that connection in an emergency, irrespective of whether that connection is a service provided by us or a third party.
